

Logging into Chrome and Google Classroom for Students

Summer 2017

Logging into Chrome

Logging into Google Classroom

If you do not remember your network password, please call 263-1111 and ask the Dept. of Technology to reset it.

You may have to go to their office at Plaza Annex and show identification.

If you are instructed to come to FCHS to have a TST or ITS reset your password, please call first to make sure they are in the building. They work limited hours in the summer.
